Re: Freedom of Information Act Request for Records Relating to U.S. Environmental Protection Agency Workshops

Dear Freedom of Information Officer:

Pursuant to the Freedom of Information Act ("FOIA"), as amended, 5 U.S.C. §§ 552 et seq., and implementing regulations promulgated by the U.S. Environmental Protection Agency ("EPA"), 40 C.F.R. Part 2, the American Chemistry Council ("ACC") requests copies of Records related to (1) Workshop on Epigenetics and Cumulative Risk Assessment, held on September 2-3, 2015 and (2) Advancing Systematic Review Workshop, held on December 16-17, 2015 (collectively "Workshops"). In particular, ACC seeks copies of all public comments submitted to EPA and/or its contractors regarding the Workshops and all written or electronic communications relating to the Workshops.

As used in this request, the term "Records" has the meaning in 5 U.S.C. § 552(f)(2).

I understand that pursuant to EPA's FOIA regulations, I can expect a response to this request within 20 working days of your receipt of this letter. To facilitate a timely response, please forward me interim responses as subsets of responsive records become available. Should EPA decide to withhold any responsive documents, please provide me a "Vaughn Index" identifying each such document withheld and the basis for withholding it.

We are willing to pay reasonable fees, up to \$200, for responding to this request. If costs will exceed that amount, or if you have any questions regarding this request, please contact me at (202) 249-6139 or Laura.Brust@americanchemistry.com. Thank you for your prompt attention to this matter.
